

GRAND OPENING DEDICATION

The 2023 Clark County Fair Grand Opening ceremonies is dedicated to the Young family. In the mid-1800s Young relatives started farming in Clark County and have been active in the fair showing their cattle. With the growth of their dairy business into retail sales in the mid-1950s and their expansion into agricultural tourism the Youngs have been involved in the fair including the 4-H ice cream booth being the supplier of their superior product. Their support for the fair, 4-H and FFA over the generations has been shown through their continued involvement and is appreciated.
